SINGLE SOURCING BENEFITS

Purchasing experts conservatively estimate that it costs companies between \$50 and \$100 per order in soft costs to acquire a product . . . whether it's a box of paper clips or an executive desk. How can that be?

Think about the time and money associated with researching the order, placing the order, receiving the order. By consolidating suppliers, you can dramatically reduce the costs associated with purchasing office products and save significant dollars. That's where Print Express Office Products can help!

Print Express provides one point of contact, one phone call, one purchase order, one delivery, one invoice and one payment. You save time and money. It's that easy.

Print Express is the best choice for your office supply needs.

The Print Express Difference

Our goal is to provide every customer with top quality name brand office supplies, free next day delivery on over 22,000 items, very competitive prices, expert advice, and the best personal customer service available!

Let us show you why Print Express is the best choice for your office supply needs.

YES, PRICE DOES MATTER...

The following chart outlines the top 25 office essentials purchased by a majority of small to mid-sized businesses. These prices were obtained from each company's website or retail outlet in February 2009. The cost comparisons are based on the lowest quantity commonly sold along with the most economically priced option available at each location, all with matching product specifications.

How can a local independent office products dealer beat all of the national competitors? Print Express offers discounted pricing on **ALL** of its products across the board, not just one or two specials here and there. This means the bottom line is lower every time. Furthermore, if your business requires quantity discounts or custom pricing on the products you buy most, Print Express can tailor special contracts to meet any of your needs. Ask **PRINT EXPRESS** your sales representative or contact customer service at 989-781-4531.

SO DOES EVERYTHING ELSE!

KEY ISSUES	PRINT EXPRESS	THE REST
Product Selection	Top quality name brands in stock & 22,000 catalog items available with free next day delivery	Many secondary brands which may change without notice and limited general supply depth
Personnel	Knowledgeable experienced reps/owners/problem solvers	Managers, cashiers, stockers, and telemarketers
Services	Expert personnel performing an extensive variety of services	Limited services available at additional costs
Pricing	Competitive pricing, many low prices with volume discounts available	Low pricing with use of loss leaders on a very small number of items
Time	Print Express furnishes all of the above services to your satisfaction	You take time out of your day to select, shop, pay, load, and transport
Local Area Participation	Owned & ran by local residents who support community groups, activities, and businesses	Out of state ownership
Additional Costs	NONE 	Delivery charge Order minimum Employee wage Time wasted in traffic or spent on unrelated shopping Credit card finance charges Liability insurance Cost of buying larger quantity than needed Returns, defective orders, and mistakes
